

Introduction

Our firm, Selway Asset Management, is an investment adviser registered with the Securities and Exchange Commission. The Form CRS is a new disclosure document our firm is required to send to clients. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services to retail investors. Our advisory services include Asset Management. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least monthly, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least quarterly to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm. We do not restrict our advice to limited types of products or investments.

Our firm requires a minimum account balance of \$500,000 to open and maintain an account for our Asset Management service. The minimum may be waived at our firm's discretion.

Additional information about our advisory services is located in Item 4 of our Firm Brochure which is located at <https://adviserinfo.sec.gov/firm/brochure/104638>.

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. Our Asset Management fee schedule ranges from 0.60% to 1.00% depending on the value of the investments in your account. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and may be negotiable. The amount you pay will depend on the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

The broker-dealer that holds your assets charges you a transaction fee when we buy or sell an investment for you. The broker-dealer's transaction fees are in addition to our firm's fees for our Asset Management service.

You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Form CRS – Client Relationship Summary

May 2022

Additional information about our fees is located in Item 5 of our Firm Brochure which is located at <https://adviserinfo.sec.gov/firm/brochure/104638>.

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

The employees of SAM are allowed to buy and sell securities and options which SAM also recommends to clients. The Code of Ethics policy diminishes the potential for a conflict, or perceived conflict, of interest. SAM personnel have a continuing duty to consider and place the interest of all clients first. In any situation where the potential for conflict exists, transactions for clients will take precedence over personal transactions. No SAM personnel shall take undue advantage of their position.

Additional information about our conflicts of interest is located in Item 10 and 11 of our Firm Brochure which is located at <https://adviserinfo.sec.gov/firm/brochure/104638>.

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, and the amount of client assets they service.

Do you or your financial professionals have legal or disciplinary history?

Yes, our firm and financial professionals have legal and disciplinary history. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Additional Information

You can find additional information about our firm's investment advisory services on the SEC's website at www.adviserinfo.sec.gov by searching CRD #104638. You may also contact our firm at (208) 343-7556 to request a copy of this relationship summary and other up-to-date information.

Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?
- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?
- How might your conflicts of interest affect me, and how will you address them?
- As a financial professional, do you have any disciplinary history?
- For what type of conduct?
- Who is my primary contact person?
- Is he or she a representative of an investment adviser or a broker-dealer?
- Who can I talk to if I have concerns about how this person is treating me?
